

Premium Sub-Flooring

Norbord is the first OSB producer to offer a premium sub-floor product that is also available with either FSC® or SFI® Chain of Custody certification. You can select the premium sub-floor panel that performs and specify either FSC® or SFI®.

Today's home-buyers and progressive home builders are driving the "green movement" with energy, indoor air quality and environmental impact at the top of the list. Pinnacle is the first premium sub-floor panel to also offer the choice of FSC® or SFI® Chain of Custody. Pinnacle is a certified NAHB Research Center "Green Approved Product".

Pinnacle has been engineered to suit today's construction environment and the home-buyers ever increasing interest in green building. As builders endeavor to become more competitive and market the right product, we're backing them with a premium sub-flooring panel that can control costs, shorten build times, reduce hassles and a strong warranty.

Pinnacle is the sub-floor that has been engineered strong, durable, reliable and consistent from one panel to the next. Pinnacle is the premium sub-flooring with all the right properties at the right price. Our tongue-and-groove profiles are engineered to fit together quickly and easily – no hassles. Pinnacle carries the APA stamp and exceeds the PS 2-10 standards. Backed by a 50-year Warranty against delamination and manufacturing defects, Pinnacle also has a 100-Day No-Sand Guarantee.

Features and Benefits

- Available with either FSC® or SFI® Chain of Custody Certified wood (specify when ordering).
