

Chain of Custody Certificate

PricewaterhouseCoopers LLP has assessed whether the Chain of Custody process at

Norbord Inc.

1 Toronto Street, Suite 600, Toronto, Ontario M5C 2W4

is suitably designed to provide reasonable assurance that the requirements of the standard noted below (the Requirements) have been met, as of June 1, 2020.

Sustainable Forestry Initiative® (SFI) 2015-2019 Chain of Custody Standard

Management is responsible for ensuring the Chain of Custody process meets the Requirements. Our responsibility is limited to expressing an opinion as to whether the Requirements were met, based on our assessment. The SFI standard can be found at www.sfiprogram.org.

Our assessment was conducted in accordance with the ISO 17021 and ISO 17065 conformity standards, and accordingly, included examining, on a sample basis, evidence supporting management's assertion that the Requirements were met and performing such other procedures as we considered necessary in the circumstances. We planned and performed our work in order to obtain limited, rather than absolute, assurance with respect to the information examined. We believe our work provides a reasonable basis for our opinion.

In our opinion, the Chain of Custody process was suitably designed to provide limited assurance that the Requirements were met, in all material respects, as of June 1, 2020.

SCOPE OF CERTIFICATION:

Norbord Inc.'s multi-site Chain of Custody process at the Chain of Custody Central Office in Toronto and at the oriented strand board facilities listed in Appendix A.
